

Why Have a Mentor?

- Avoid being alone and feeling as you don't know anyone
- Finding out about the SCA – this medieval re-enactment, can't hurt. Isn't that why you are here?
- Find others who share your interests or learn new interests.
- Ask as many or as few questions as you want.

Expectations?

- Team up for 3-6 months
- Ask about activities, events, practices and classes. If your mentor cannot attend, let people know at that activity that you are new, we really are friendly.
- Attend at least 2 events and practices/classes together, being together all the time is not expected, and your mentor will leave you from time to time, these are good times to mingle.
- Make one of the events with Landed Nobles and/or Royalty in attendance, this is a wonderful opportunity to learn about court manners and customs.
- Update the group chatelaine, with your thoughts. What is working? What needs to be addressed? Your time has become limited, etc...
